

Tomas Arano

I am an enthusiastic multicultural student in First year of Computer Science eager to learn and develop as a professional. In my free time, I enjoy learning web development and tinkering with rapid prototyping manufacturing tools.

Based in:

Greenwich, **London** SE10 8JZ

Education

Computer Science BSc(1st Year), Goldsmiths University of London

September 2018 - June 2019

In my current course, I am developing the numerical and technical skills it takes to become a computer scientist with a focus on problem-solving.

BTEC Level 3 National Diploma, Nottingham College

September 2015 - June 2017

For the Engineering Project Module, I designed and built a robot which got me to the final stage in a competition where we gave a business oriented presentation of the product development process to local engineering executives.

Tech Skills and Experience

HTML,CSS & JS ES5-6, Self-Taught

Good knowledge of web development fundamentals with experience creating the front end of websites.

Learning Support, University of London, Goldsmiths

Trained and currently practice as a PAL facilitator employed by my department hosting sessions where I facilitate study sessions with Computing students of the year below.

Python, University of London, Goldsmiths

Experience designing and implementing algorithms with arrays in Python through class assignments.

Languages

- Native proficiency in English and Spanish.
- Good knowledge of French and German

Certifications & Awards
